

2013 TRACK AND FIELD RULE CHANGE

7-5-24 **amended** **ART. 24...** The planting box shall not contain any foreign materials except planting box padding. ~~collar, which is a device used to offer protection to pole vaulters on and around the plant box.~~ Such padding, if used, shall meet the applicable ASTM Specification Standard, and can be incorporated into the design of the planting box or can be a padding addition to an existing planting box. **Note:** Padding meeting the ASTM Standard may be used immediately, unless determined otherwise subject to rejection or conditional approval by state association action.

Rationale: For the purpose of minimizing risk of injury to a pole vaulter, allow planting box padding that meets the applicable ASTM Specification Standard.
